We have been using Reliance Aerospace Solutions since 2006 to perform the factory inspections of our new Airbus A320 aircraft. So far Relaeer has assisted us in the delivery of 22 aircraft. We have always found the service to be of very good quality thanks to staff who are professional and understand very well the Airbus system. This experience has proved invaluable during the delivery acceptance process which they understand very well. We are kept constantly advised of events and it is like having 'Aegean eyes and ears' on site.

Vassilis Tzirivilas
Manager Technical Services
Aegean Airlines S.A.

"Aer Lingus has hired Reliance Aerospace Solutions as a service provider for new build aircraft inspections. The Relaeer Team are results focused problem solvers, and will go beyond the call of duty to assist in any issues that we may encounter. Relaeer provides a top class service for airline representation on the production line. Most importantly, they have a high level of integrity and professionalism."

Brian Walsh
Manager Fleet Planning
Aer Lingus

"Relaeer has been excellent in providing AirAsia X with the required services. They serve as an extension to us in the production line and kept our cost at optimum"

Anaz Ahmed Tajuddin
Head Engineering
AirAsia X Sdn Bhd

"Air Mauritius has contracted Reliance Aerospace Solutions in the new aircraft delivery of Airbus A330 and Airbus A340. We found Relaeer to have a very good knowledge of the build process and their experience in addressing issues has been extremely useful. All Relaeer staff have shown a good understanding of our needs and are very flexible and professional. The weekly reports sent allow us to keep up to date in real time of the issues and progress."

Jacques Gentil
EVP Technical Services
Air Mauritius

Etihad Airways have used Reliance Aerospace Solutions (Relaer) services to carry out the inspections during the final assembly of our Airbus fleet both at Toulouse and Hamburg. They have assisted Etihad Airways during the whole process from the start of the sections arriving on the Final Assembly Line to the Delivery of the aircraft in the most professional manner and using their expertise to achieve an excellent result which has resulted in the smooth entry into service of each aircraft. Relaer have provided the service for the following Airbus types, A320, A321, A330, A340-500, A340-600 and A380's. In particular on the A380 program and the delivery of a head of version, Relaer became part of the Etihad team and we worked as one to overcome supplier and OEM issues. This proved crucial in getting Airbus to comply with their promises and in the delivery of a quality aircraft.

David Hamilton
Head of Aircraft Delivery
Etihad Airways

As you know I don't do endorsements but for us it is a no brainer to use Reliance Aerospace Solutions for our aircraft deliveries at Airbus!

Mark Breen
Chief Operations Adviser
Cebu Pacific Air

At this time I'd like to note that Relaer is delivering an excellent quality and we do appreciate the business relationship that has been built. It's in our interest to continue this in the future.

Norbert Duevel
Vice President
Engineering
Etihad Airways

"Relaer performed the Final Assembly Line inspections at Airbus for our last six A300-600 freighter aircraft. Their knowledge of the Airbus system was excellent, and they proved to be an important link and a valuable asset in the process. The weekly reporting ensured that we were kept up to date with all developments throughout the build process. A team of professionals who are customer minded!"

David P. Sutton
Managing Director
FedEx Aircraft Development,
Acquisitions & Sales

In setting up the new Olympic Air (the new airline acquiring the logo/name of the Greek national carrier as part of the government privatisation process) we took delivery of both new aircraft as well as pre-owned aircraft from Lessors. Having previous positive experience with respect to services for delivery of new A320 from the Airbus production line we had no hesitation in selecting them once again. In addition we used Relajer to assist us in the audit of pre-owned aircraft in Abu Dhabi, UK, Austria and Germany. Relajer was very reactive to our needs and the personnel are professional, experienced and reliable with an ability to communicate salient points as well as take good decisions on behalf of their client.

Thanos Pascalis
Chief Operating Officer
Olympic Airways

SOUTH AFRICAN AIRWAYS

Dear Relajer team,
It has been an enormous pleasure to work with you once more. Thank you for your assistance, exceptional knowledge, expertise and guidance during the past deliveries. We can see the hard work and dedication in the quality of the aircraft we received.

Thank you for a job well done!!!!

Elsje Du Preez
Head of Department Fleet Management
South African Airways

**Thomas Cook
Group**

I'd like to take the opportunity to say Thank You to you and the entire Relajer-team!
We really appreciated your great support and the contribution during the last eight deliveries!

All these on-time deliveries wouldn't be possible without your on-site assistance!

Dipl.-Ing Axel Scheffe
Manager Group Fleet Operations
Thomas Cook Group

**Thomas Cook
Group**

"It's been a great two years! Ups and downs, but always interesting! More importantly, you and the Relajer team have always been able to go that extra distance to support us in our times of man-power difficulties. It really has been great working with you, and I thank you again for your efforts. Let's hope it's just the end of a chapter rather than the end of the book....

Take care, and let's hope we meet soon!"

Paul Golding
Technical Leasing Project Engineer
Thomas Cook Aircraft Engineering

AIRCASTLE 

“We have worked with Reliance Aerospace Solutions (RAS) now for a number of years, predominately on new aircraft deliveries, but also annual inspections too. Overall we are very satisfied with the outcome of the technical projects performed over recent years and are thankful of the efforts and dedication shown by their team. The flexibility and professionalism they have exhibited when working together, underlines their commitment to the customer. We look forward to continuing to work with RAS in the future and building on our professional relationship further.”

Alan Godson
Senior Vice President Technical
Aircastle
